

# Weyerhaeuser

## *Premier Outdoor Recreation*

### Frequently Asked Questions (FAQs) for our Northwest Permits

**1. What is a Recreational Permit?**

A Weyerhaeuser Recreational Permit grants to Permittee the right to recreate on Weyerhaeuser property within the identified Permit Area. Each Permit Area is shown on website [www.WYrecreation.com](http://www.WYrecreation.com). The Permit Area is non-exclusive so there will be other permittees in the Permit Area at any time. Each Permit Area has a set price and number of available permits.

**2. What is the difference between a Motorized Recreational Access Permit and a Non-Motorized Recreational Access Permit?**

A Motorized Recreational Access Permit allows a permittee to enter the Permit Area with a licensed vehicle. Motorized Recreational Access Permits come with a key to the recreation lock on each of the designated Recreation Access Point gates. Motorized Recreational Access Permits also include camping and firewood.

A person holding a Non-motorized Permit may enter the Permit Area with any type of non-motorized method, i.e. horseback, bicycle, walking. Non-motorized permit holders cannot ride in a vehicle within the Permit Area. Non-motorized Permits are valid for day use only with entry 1.5 hours before sunrise to 1.5 hours after sunset, and therefore do not include camping. Non-motorized Permits do not include firewood.

**3. What is the Permit Term and how long is it?**

The permit term is a set time frame each year – August 1st – July 23rd. The permit term does not change no matter when you may choose to purchase a permit.

**4. Who is allowed on the property with me when I purchase a permit?**

This Permit may be used only by the Permittee, his or her legally married spouse, registered domestic partner (legally married and domestic partners are hereinafter and hereinbefore called “spouse”), and up to four (4) related children per adult 18 years of age and under as of July 23, 2019. No other persons are covered or authorized to enter the Permit Area with the Permittee.

**5. How many permits are for sale in each area?**

A limited number of permits are for sale for each Permit Area. The website displays how many permits are left for sale for each recreational Permit Area. Once the website displays “Sold Out”, all permits are sold for that area.

**6. How do I purchase a permit?**

All permits are purchased through Weyerhaeuser’s Recreation website [www.WYrecreation.com/permits](http://www.WYrecreation.com/permits). All permit sales are first come first serve each year. We do not offer permit sales through any of our local offices.

**7. I'm an existing customer, do I get to renew my permit?**

NO. All permits are sold first come first serve each year.

**8. How do I set up an account on your website?**

New customers may set up their Weyerhaeuser Recreation accounts at any time. Select the Create Account button to set up a new account. You must have a valid email to register on our website [www.WYrecreation.com](http://www.WYrecreation.com). If you are an existing Weyerhaeuser Recreation account holder you will need to log in with your email and password associated with your permit account. You may be asked to confirm your email address.

**9. How many vehicles may I have in the Permit Area?**

One vehicle is allowed in the Permit Area at a time with your permit purchase, but permittee may register up to TWO vehicles to have access to the Permit Area. Vehicle information can be edited at any time within your Weyerhaeuser My Account. It is important for each permittee to keep their vehicle information current. If you change any of your vehicle information you will need to RE-PRINT your Recreation Access Single Page Permit.

**10. What can I expect when purchasing a Motorized Recreational Access Permit?**

When you buy a Motorized Recreational Access Permit you will be mailed a packet which includes; a key, a welcome letter, a vehicle hang tag, and a map. To access your Recreational Access Permit Agreement Terms, Rules and Regulations and one page Watermark Permit agreement you must log into your [www.WYrecreation.com](http://www.WYrecreation.com) My Account. **It is your responsibility to PRINT the Recreation Access Single Page Permit Agreement direct from your My Account. You must carry this permit with you at all times when accessing the Permit Area.**

**11. When will my permit materials arrive in the mail?**

If you purchase your permit by July 15th, you will receive the key packet BEFORE August 1st. Purchases after that date will take up to two (2) weeks for processing and mailing. Contacting the Permit Area office by email or phone will not expedite your permit mailing.

**12. What can I expect when purchasing a Non-motorized Recreational Access Permit?**

After your payment is processed and your Permit is approved, you will log into your My Account to PRINT your **Permit Agreement; Recreation Access Single Page Permit; and Vehicle Placard.** **You must carry the Recreation Access Single Page Permit with you in the Permit Area AND place the Vehicle Placard on your dash on the driver's side so it is readable from the outside when parked outside the Permit Area.** Weyerhaeuser does not mail anything to our Non-Motorized permit holders. All materials are located in your Permit Account.

**13. My friend purchased a recreational permit and I have a non-motorized permit. Am I allowed in their vehicle?**

NO. Non-motorized permittees are NOT allowed in vehicles at any time in the Permit Area. Any permittee with a Recreational Permit that allows a Non-motorized permittee in a vehicle will have their permit revoked.

**14. Can I use my Electric Assist bicycle in the Permit Area?**

Electric Assisted bicycle use is only allowed if you purchased a Motorized Permit. Electric Assisted bicycles are not allowed in any of the designated non-motorized areas scattered throughout our

Recreational Permit areas. If you purchased a Non-Motorized Permit Electric Assisted bicycles are NOT allowed.

**15. What is a Restricted Entry Area?**

Restricted Entry Areas are designated areas where access or use may be restricted. VEHICLES are NOT allowed. Entry is only by walk-in, bicycle, horseback, etc. Any permittee found in a motorized vehicle in a Restricted Entry Area may have their permit revoked.

**16. What are permit access points?**

Permit access points are designated entry points into the Permit Area for motorized permittees. You can only use these designated entry gates for motorized entry into and exit from the Permit Area. Do not use any other gate—even if it is open. The permit motorized access points are designated on the Permit Map. Non-motorized permittees may access the Permit Area from any gate or area with legal access. **Non-motorized permittees are NOT allowed in vehicles with motorized permittees.** If parking at a gate, DO NOT block gates. Vehicles blocking gates will be towed at owner's expense.

**17. Can I transfer my permit to another party?**

NO. PERMIT PURCHASES ARE NON-REFUNDABLE AND NON-TRANSFERRABLE. NO EXCEPTIONS.

**18. Will there be logging in the area where I'm recreating?**

The Permit and Lease Areas are unimproved timberland used primarily for the growing and harvesting of timber and other forest products. Areas where active logging, road construction, or other commercial operations or forest management are underway are strictly off-limits and must be avoided by Permittee at all times, whether such areas are signed or not. Entry into any active forestry area may result in permit termination.

**19. What is "fire season" and what do I need to know about it?**

The industrial fire season is set by the State of Washington Department of Natural Resources and the Oregon Department of Forestry. The Industrial Fire Precaution Levels (IFPLs) are an activity closure system to reduce wildfire risk. Please check with your State's Forestry Department for information pertaining to the state designated fire season and the current Industrial Fire Precaution Levels (IFPLs). The state designated fire season may be extended at any time depending on the conditions. State websites can be found on the LINKS tab found on our website Homepage. Campfires are prohibited in the Permit Areas during the industrial fire season even if local fire districts lift a burn ban. **Permit Areas will be closed at an Industrial Fire Precaution Level 4.**

Each vehicle in the Permit Area is required to carry the following fire tools during the industrial fire season:

- Pointed Shovel
- 5-lb. or larger ABC-rated fire extinguisher in working condition
- Axe or Pulaski

## **20. What are the things that I can't do?**

- No target shooting, skeet shooting, exploding targets, paintball or airsoft guns.
- No side-by-sides, ATVs, ORVs, dune buggies, motorcycles, snowmobiles and similar motorized conveyances, EVEN IF street legal, and not even on a trailer or in the back of a truck.
- No removing forest products from the Permit or Lease Area with the exception of berries, mushrooms and firewood for personal use as outlined in the **Recreational Access Permit Language**. Personal Use is considered 3 gallons of berries per permittee per year and 5 gallons of mushrooms per permittee per year.
- A maximum of two (2) cords of firewood per permit may be removed from the Permit Area subject to the Recreational Access Permit Agreement Terms, Rules and Regulations.
- No rock hounding, digging, gold panning, or removal of any rocks or minerals.
- No disturbing any cultural artifacts.
- No fireworks are allowed.
- No smoking is allowed, except in vehicles.
- No alcohol, marijuana or illegal drugs are allowed.
- Do not harm trees in any way. Do not place any nails, screws, or other metal objects in trees. If you damage trees, you will have to pay three times the value as compensation.

## **21. What are Special Forest Products?**

Special Forest Products (SFP) is a term used to describe some of the vegetative material found in the Timberlands. They include grasses, seeds, roots, bark, berries, mosses, greenery (fern fronds, salal, huckleberry, etc.), edible mushrooms, tree seedlings, Christmas trees, transplants, poles, posts, and firewood. No Special Forest Products can be removed (other than firewood, mushrooms and berries for personal consumption); see the sample Recreational Access Permit Language for full terms.

## **22. Can I pick berries or mushrooms?**

Permittee may pick berries (limit of 3 gallons per permit per year) and mushrooms (limit 5 gallons per permit per year) for personal consumption only. Permittee may not be in procession/transport more than 1 gallon of berries and mushrooms at a time. No transporting of berries or mushrooms from other property across Weyerhaeuser property

## **23. Can I collect firewood?**

- When available, a maximum of two (2) cords of firewood per permit may be removed from the Permit Area with a Recreation Access Permit. Subject to the following:
- Firewood is for personal use only.
- During fire season (see question "what is fire season and what do I need to know about it"), no chainsaws or motorized splitters are allowed.
- You may remove chunks (maximum 3') for firewood.
- Do not cut logs longer than 12'.
- No cutting in active harvest units.
- Do not cut standing trees or snags.
- Do not cut fallen trees in riparian buffers along creeks and rivers. State law requires that nothing be removed from these buffers.
- Do not drag or skid logs out of harvest units or otherwise damage seedlings.
- Do not block roads or ditches with vehicles or woody debris.
- Vehicles must remain on rocked roads at all times.

- No cedar or Pacific Yew can be removed from the Permit Area.
- Permittee may purchase additional cords of firewood when available on our website.
- Non-motorized (day use) Recreation Access Permits do not include firewood.

**24. What time of day is access allowed?**

Access is allowed from 1.5 hours before sunrise to 1.5 hours after sunset. Driving around the Permit Area after dark is prohibited.

**25. Is Camping allowed with my Permit purchase?**

With the purchase of a Motorized Recreational Access Permit, dispersed camping is allowed in all Permit Areas. Non-motorized permits are for day use only. All campers must stay in their campsites until the designated permit entry times of 1.5 hours before sunrise to 1.5 hours after sunset. No driving around after dark. Each camp must clearly post their permit number (handwritten or a copy of the hang tag). Read the Recreational Access Permit Language for additional rules related to camping.

**26. Can I have a campfire?**

- Campfires are allowed only at campsites outside of the State regulated fire season. Please check with your State's Forestry Department website for information relating to fire season and the Industrial Fire Precaution Levels (IFPLs). The links can be found on the LINKS tab on the Homepage of our website. Fire season may be extended at any time depending on the conditions.
- Fires must be less than 3' in diameter and surrounded by a 2' ring of bare soil.
- Fires must be completely extinguished using water or foam when campfires are unattended.

**27. What should I do if I lost my key?**

Lost or stolen keys, hang tags or maps will not be replaced.

**28. I'm a disabled hunter. Does my Companion Hunter need a permit?**

A person with a state-approved disabled hunter permit must purchase a Recreational Access Permit to enter the Permit Area. If the disabled hunter requires a companion hunter to assist them in the stalking, shooting, tracking, retrieving, or tagging of game birds and game animals, the Companion Hunter is NOT required to purchase an access permit. The Companion Hunter will need to sign a liability waiver. **If the Companion Hunter wants to hunt his/her own tag, then they must purchase their own Recreation Permit.** The disabled hunter should send an email to the specific Permit Area (see Contacts) after August 1st to arrange for the Companion Hunter waiver. Issuing the waiver will be handled entirely by email or other electronic communication. You will need to send a copy of the state issued Companion Card. Full details will be provided upon receipt of the initial email.

**29. What should I do in an emergency?**

You are responsible for your own safety and for handling an emergency. Have a plan of what to do in case you need assistance. Have a method of communication, check-in process and make certain that your vehicle is in good condition. Cell coverage is spotty and not always reliable. Weyerhaeuser personnel are frequently unavailable, so you cannot expect Weyerhaeuser to rescue you. For a medical emergency, you should contact emergency services.

**30. I need help packing an animal out. Can I take a buddy in to help me?**

NO. Only Permit holders can enter the Permit Area.

**31. Can I post signs so that my friends can find me?**

NO. We consider this littering.

**32. What if I find someone is in the Permit Area without a permit?**

Email trespass information to the appropriate contact area. It is important to get a vehicle description and license plate # if a motorized vehicle is involved, or other identifying information if it is a non-motorized trespass. Remember to be safe at all times.

**33. Can I bring my dog(s)?**

Dogs not used for pursuit and/or hunting small game are welcome on the property as long as you can control them at all times – verbally, leashes, or by using collars. The use of dogs for pursuit or hunting small game is only allowed in the Permit Areas December 1 – March 15, as authorized by State and local hunting regulations. Weyerhaeuser Permits are for personal use only and do not allow any commercial sales of animal fur/pelts.

**34. Can I hunt at night?**

Hunting at night is prohibited. The Permit Area is NOT open to hunting at night year-round regardless of open season posted in the hunting regulations. Consult the State hunting regulations for posted start and end times.
