BUILD AT HOME

We are proud to manufacture 100% of our structural frame products in the U.S. and Canada from sustainably managed North American forests, including:

- Trus Joist® Engineered Wood Products
- Weyerhaeuser Oriented Strand Board (OSB)
- Weyerhaeuser Lumber

We also bring many quality building products manufactured in the U.S. to market through our Distribution Centers, including:

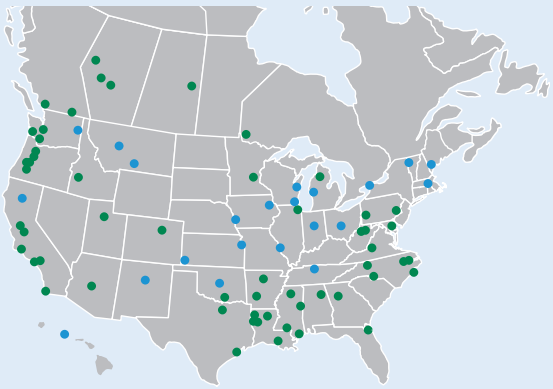
- Siding and Trim
- Decking
- Cedar
- Glulam
- Insulation
- Cultured Stone
- Roofing Products
- Treated Lumber and more

Since 1900 our forests, products and people have helped America build.

WEYERHAEUSER WOOD PRODUCTS

We manufacture, distribute and sell Weyerhaeuser and Trus Joist-branded products from over 55 locations in the U.S. and Canada.

- **Weyerhaeuser Locations**
- **Independent Distributors**



See reverse side for a complete list of products proudly manufactured in the U.S. and Canada.
