WEYERHAEUSER EDGE GOLD™ PREMIUM FLOOR PANELS

THE PANEL OF EXPERTS IN FAIR WEATHER OR FOUL.

Weyerhaeuser Edge Gold panels don't just start flat, install flat and stay flat. Thanks to patented Down Pore self-draining technology and a proprietary edge seal, our panels withstand the elements so well that they can allow some framers to extend their building season. Plus, Edge Gold panels come with the added benefit of a 50-year limited warranty and a 200-day no-sand guarantee when used as directed.

The best builders are always looking for new ways to cut down on job cycle times, increase profitability, and minimize callbacks. That's why we've added Down Pore self-draining technology on the edge of every panel. The face of every panel is stamped with a fastening template and each bundle ships face-up, ready for easy and accurate installation right off the truck.

Even if panels aren't properly gapped, Down Pore drainage grooves let the water through.

And to make sure the right products are on that truck, TJ-Pro™ Ratings help you customize the specific level of quality and performance your customers want—using the most cost-effective combination of TJI® joists, TimberStrand® LSL rim board, and Weyerhaeuser Edge Gold floor panels.

"Weyerhaeuser Edge Gold panels are excellent quality, priced competitively and we never have issues. Customers ask for Edge Gold by name and we love selling it! Edge Gold panels complete the total Trus Joist floor system that we promote."

Weyerhaeuser Edge Gold™
OSB Single-Layer Flooring

What Is Covered?
Weyerhaeuser 100 Edge Gold™ flooring (Edge Gold panels, when properly installed) will be warrantied against delamination for a period of five years from the date of delivery of the panels to the customer. Weyerhaeuser Edge Gold™ panels are warranted for two hundred (200) days from the date of delivery of the panels to the customer against surface damage or edge wear caused by water absorption. This limited warranty does not cover damage to the floor covering or the home in which the Weyerhaeuser Edge Gold™ panels are installed.

Definition of Covered Conditions:
Delamination is defined as the separation of strands within a panel, which results in a reduction of the structural capacity of the panel. Delamination may occur at the edges of the panel or within the panel. This warranty does not cover damage to the Weyerhaeuser Edge Gold™ panels outside the U.S. and Canada, or delamination due to:

- Prolonged exposure to water before, during or after completion of construction.
- Fire, flood, or manmade or natural disaster.
- Damage to or damage to the floor covering.
- Damage or improper maintenance of the panels prior to or during installation.
- Non-compliance with installation instructions, applicable building codes, or generally accepted construction practices.
- Improper or incomplete maintenance of the finished floor covering.

Note:
Delamination is not caused by wood fungal decay or insect infestation. If any wood product, all wood-based panels may be at risk for fungal decay or insect infestation. If not properly ventilated. For this reason, manufacturing, design, and use of Weyerhaeuser Edge Gold™ panels are limited to interior applications, such as residential, institutional, institutional, office, and retail environments, such as hospitals, schools, restaurants, and office buildings.

What Weyerhaeuser Will Do:
For delamination covered by this warranty, Weyerhaeuser will pay for removal and replacement of the damaged panels (excluding removal and replacement of carpeting). This includes the cost of floor covering and floor decking, and the reasonable cost of labor.

Weyerhaeuser's total liability will not exceed the original cost of the floor and the reasonable cost for removal of existing flooring material. The maximum amount of compensation will not exceed the original cost of the floor and the reasonable cost of removing the affected area only, up to a maximum of \$100 per square foot. Weyerhaeuser will not be liable for any incidental or consequential damages resulting from the removal of the floor covering. Weyerhaeuser will not be liable for any damage to the floor covering or the home in which the Weyerhaeuser Edge Gold™ panels are installed.

What You Must Do:
Notify Weyerhaeuser in writing of any claim within forty-five (45) days of the discovery of warranted delamination or edge wear. Provide Weyerhaeuser with a detailed description of the damage and the address where the damaged panels are located.

Incidental or Consequential Damage:
Weyerhaeuser is solely responsible for delamination or edge wear damage as set forth in this warranty and Weyerhaeuser will not be responsible for any incidental or consequential damages resulting from the removal of the floor covering or the home in which the Weyerhaeuser Edge Gold™ panels are installed.
