

MEMBER SIZING SOFTWARE

FOR SOFTWARE THAT PUTS IT ALL TOGETHER

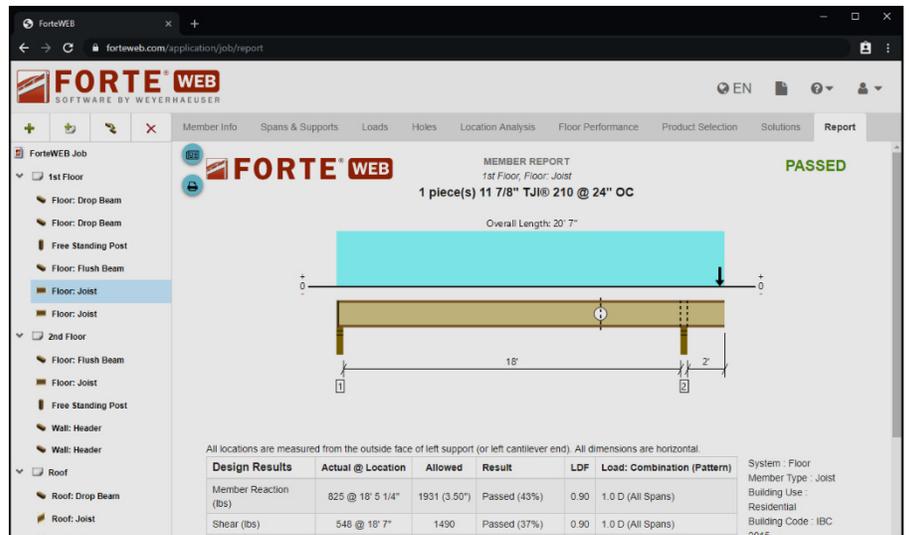

TRY FORTE ON FOR SIZE

WEYERHAEUSER FORTE®WEB SIZING SOFTWARE

The right picture is worth a thousand calculations. Especially a picture created by easy-to-use tools, with integrated loads and design properties. Welcome to ForteWEB software, Weyerhaeuser’s member sizing tool.

ForteWEB software automatically selects the best member for any application based on your particular needs, whether you’re sizing for a specific spacing or member depth, or just the best overall fit.

- Intuitive and customizable interface
- Graphical illustrations for easy identification and input of members
- Multiple calculations stored in a single job file
- Flexible Job Tree for organization of member calculations
- Efficient load input with load linking between members
- Comparison values and TJ-Pro™ floor performance ratings help identify the best product solution

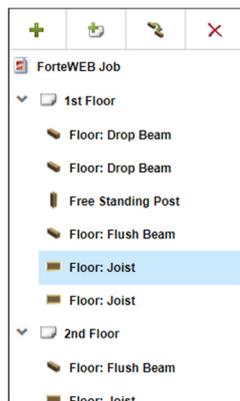

Design Results	Actual @ Location	Allowed	Result	LDF
Member Reaction (lbs)	825 @ 18' 5 1/4"	1931 (3.50")	Passed (43%)	0.90
Shear (lbs)	548 @ 18' 7"	1490	Passed (37%)	0.90
Moment (Ft-lbs)	-1003 @ 18' 5 1/4"	3416	Passed (29%)	0.90
Live Load Defl. (in)	0.000 @ 1' 1/4"	0.456	Passed (L/999+)	--
Total Load Defl. (in)	0.024 @ 20' 7"	0.215	Passed (2L/999+)	--
TJ-Pro™ Rating	44	Any	Passed	--

TAKE A LOAD OFF YOUR MIND-AND PUT IT RIGHT WHERE IT BELONGS

ACCESS JOBS FROM ANYWHERE

ForteWEB is a web-based software application that can be accessed from any device by simply logging into your user account. Once logged in, you have access to all your jobs and any jobs that are shared with your ForteWEB teams.

IMPROVED EFFICIENCY

ForteWEB software allows you to save all the designs for an entire job in one file. You can set up the job tree in a way that makes sense to you, with flexibility to customize levels and rename calculations. You can even copy members, maximizing your productivity when designing with similar spans, loads, and holes.

PREDICT CUSTOMER SATISFACTION

The Floor Performance tab provides intuitive selections that impact the TJ-Pro™ Rating. You can account for installation methods, materials, and customer expectations, which puts you in control of the balance between cost and performance.

Visit wy.com/forte for additional information, training and access to ForteWEB software and try Forte on for size.
